INDEPENDENT AUDITORS' REPORT

Board of Directors
Greater Minneapolis Crisis Nursery
Minneapolis, Minnesota

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Greater Minneapolis Crisis Nursery (a nonprofit organization), which comprise the statements of financial position as of June 30, 2024 and 2023, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Greater Minneapolis Crisis Nursery as of June 30, 2024 and 2023, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Greater Minneapolis Crisis Nursery and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Greater Minneapolis Crisis Nursery's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Greater Minneapolis Crisis Nursery's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Greater Minneapolis Crisis Nursery's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

NOTE 1 PRINCIPAL ACTIVITY AND SIGNIFICANT ACCOUNTING POLICIES

Organization

Greater Minneapolis Crisis Nursery (the Nursery) was incorporated under the Minnesota Nonprofit Corporation Act in 1981. In September 1983, GMCN was determined to be a nonprofit 501(c)(3) organization and was also classified as a public charity under sections 509(a)(1) and 170(b)(1)(A)(vi) of the Internal Revenue Code.

The Nursery's mission is to assist in the prevention of child abuse and neglect and create strong, healthy families. The Crisis Nursery provides free, voluntary services 24 hours a day, 365 days a year to families in crisis with young children at risk of abuse or neglect. The families that the Nursery serves are primarily low-income families of which 86% are of color or those identifying as Native or Hispanic, and of those, 90% have annual incomes of \$10,000 or less.

The core program at the Nursery is a residential shelter open 24 hours/365 days per year for at-risk children whose parents are in crisis. Children newborn through age six may stay for up to three nights at a time for 30 nights per year, and parents set developmentally appropriate goals for children during their stay.

The Family Services program offers a 24-hour hotline for parents in crisis through which our Family Advocates provide strength-based crisis de-escalation services and emotional support, community resource connections, and arrange transportation for child placement if needed. The Home Visiting program offers our families a chance to receive home-visiting services if they experience several barriers to stability or could benefit from more intensive support. Our Home Visitors meet weekly with families for up to two years to stabilize crises, meet basic needs, and promote stability through empowerment and validating client strengths.

Rounding off our services is the Adult Mental Health Services program which offers parents that we serve in-home mental health services if they are referred from Family Services or Home Visiting. Our team partners with NorthPoint clinic and Washburn to provide the referral for mental health services. At these organizations, clinicians assist parents with anxiety, depression, post-traumatic stress disorder, substance abuse disorders, and other diagnoses related to their own childhood trauma.

The Crisis Nursery's continuum of care programs yield positive results year after year. In the past year, 98% of parents/guardians report the Crisis Nursery helped them alleviate their crisis.

Income Taxes

The Nursery is exempt from federal and state income taxes under Section 501(c)(3) of the Internal Revenue Code and similar state income tax laws. The Nursery is a nonprivate foundation and contributions to the Nursery qualify as a charitable tax deduction by the contributor. The Nursery's tax returns are subject to review and examination by federal, state, and local authorities.

GREATER MINNEAPOLIS CRISIS NURSERY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024 AND 2023

NOTE 1 PRINCIPAL ACTIVITY AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes (Continued)

The Nursery has adopted the provisions for accounting for uncertainty in income taxes. This prescribes a recognition threshold and measurement principles for the financial statement recognition and measurement of tax positions taken or expected to be taken on a tax return that are not certain to be realized. The implementation of accounting for uncertainty in income taxes had no impact on the Nursery's financial statements.

Cash and Cash Equivalents

For the purposes of the statements of cash flows, the Nursery considers all cash and other highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents.

Financial Statement Presentation

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor- or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

Net Assets With Donor Restrictions – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Revenue Recognition

Contributions are recognized as revenue when they are received or unconditionally pledged. Support that is restricted by the donor is reported as an increase in net assets without donor restrictions if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in net assets with donor restrictions, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

JUNE 30, 2024 AND 2023

NOTE 1 PRINCIPAL ACTIVITY AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Employee Retention Credit

During the year ended June 30, 2024, the Nursery applied for and recorded an Employee Retention Credit (ERC) of \$509,492, part of federal COVID-19 relief for employers, on eligible employee wages for two quarters in calendar year 2021. This credit is recognized as revenue (ERC Revenue) on the Statement of Activities since all conditions were fulfilled or there is reasonable assurance they will be fulfilled. This amount is receivable as of June 30, 2024.

Eligibility and conditions for the ERC program may be audited by the Internal Revenue Service. The amount of liability, if any, from potential noncompliance cannot be determined with certainty; management is of the opinion that any audit will not have a material adverse impact on the Nursery's financial position.

Government Grants

Governmental grant funds are recorded when reimbursements are requested. All governmental grant funds are received on a reimbursement basis.

Expenditures under government contracts are subject to review by the granting authority. To the extent, if any, that such a review reduces expenditures allowable under these contracts, the Nursery will record such disallowance at the time the final assessment is made.

Promises to Give

Contributions are recognized when the donor makes a promise to give that is, in substance, unconditional. Promises to give represent amounts committed by donors that have not been received by the Nursery. The Nursery determines and establishes an allowance for estimated uncollectible promises to give (contributions receivable).

Unconditional promises to give due within the next 12 months from the statements of financial position date are recorded at their net realizable value. Unconditional promises to give due in subsequent years are reported at the present value of their net realizable value, using risk-adjusted interest rates as of fiscal year-end (i.e., are discounted). Amortization of the discount is included in contributions revenue. Conditional promises to give are not included as support until such time as the conditions are substantially met.

In-Kind Contributions

Contributions of noncash assets (materials and equipment) are recorded at their fair values in the period received. Contributions of services that create or enhance nonfinancial assets or that require specialized skills, are provided by individuals possessing those skills, and which would typically need to be purchased if not provided by donation, are recorded at their estimated fair values in the period received.

GREATER MINNEAPOLIS CRISIS NURSERY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024 AND 2023

NOTE 1 PRINCIPAL ACTIVITY AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments

The Nursery receives contributions of equity securities from donors on occasion. It is the policy of the Nursery to sell these equity securities as soon as is reasonably possible. Any equity holdings at year-end are in the process of being sold or are restricted in some way. The Nursery held \$-0- of investments at June 30, 2024 and 2023.

The finance committee of the Nursery has the primary responsibility for directing and monitoring the investment of the Nursery's funds in accordance with the Nursery's investment policy for any investments that are held during the year.

Investment earnings available for distribution are recorded in net assets without donor restrictions on the statements of financial position. If restrictions on investment earnings are fulfilled in the same period in which the earnings are received, the Nursery reports the earnings as without donor restrictions.

Property and Equipment

The Nursery capitalizes all expenditures for property and equipment with a useful life of three or more years, and a cost in excess of \$1,000. Buildings and equipment are recorded at cost, or in the case of contributed property and equipment, at the estimated fair value at the date of donation. If donors stipulate how long the asset must be used, the contributions are recorded as restricted support. In the absence of such stipulations, contributions of property and equipment are recorded as support without donor restrictions.

Expenditures for renewals and improvements are capitalized while repairs and maintenance costs are charged to expense as incurred. When assets are retired, or otherwise disposed of, the cost and related accumulated depreciation is removed from the accounts, and any resulting gain or loss is reflected in income for the period.

Depreciation of building and components is computed on the straight-line method over estimated useful lives of 5 to 30 years. Depreciation of equipment is computed on the straight-line method over estimated useful lives of 3 to 10 years.

Leases

The Nursery determines if an arrangement is a lease at inception. Leases are reported on the statements of financial position as a right-of-use (ROU) asset and lease liability. ROU assets represent the Nursery's right to use an underlying asset for the lease term and lease liabilities represent the obligation to make lease payments arising from the lease. ROU assets and liabilities are recognized at commencement date based on the present value of lease payments over the lease term. Lease terms may include options to extend or terminate the lease when it is reasonably certain that the Nursery will exercise that option. Lease expense for operating lease payments is recognized on a straight-line basis over the lease term. The Nursery has elected to recognize payments for short-term leases with a lease term of 12 months or less as expense as incurred and these leases are not included as lease liabilities or ROU assets on the statements of financial position. The Nursery had no material lease agreements at June 30, 2024 or 2023.

NOTE 1 PRINCIPAL ACTIVITY AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Functional Allocation of Expenses

The cost of providing programs and services has been summarized on a functional basis. Accordingly, salaries and benefits have been allocated between program and the supporting services benefited based on management's best estimates of such amounts and the ratio of each program's personnel costs. Occupancy and facilities expenses, including depreciation, telephone, repairs and maintenance, insurance are allocated based on usable square footage. Other joint costs (including dues, licenses, and fees) are allocated on a basis determined to be appropriate to the particular costs. All other costs are directly charged to the program for which the work has been done or is allocated based on management's best estimates.
